DIRECTIONS

Juice the grapefruit and oranges into a bowl. Then pour through a mesh strainer into another bowl to strain out the seeds. Discard the seeds. Fill a pitcher with ice. Then add the strained grapefruit and orange juice. Slowly pour in club soda and stir to mix the flavors together. Then pour into individual glasses and serve with your afternoon brunch.

Note: To get the most juice out of the citrus fruit, put in a bowl in the microwave for 20 to 30 seconds. Then roll on a clean counter before cutting and squeezing out the juice.
